## **The Project**

The Central Alabama Regional Planning and Development Commission (CARPDC) has engaged a team to develop a strategic placemaking plan that celebrates Elmore County's cultural assets and supports its economic growth through business recruitment, workforce development, and tourism.

## **What is Placemaking?**

Placemaking is a process that creates places where people want to live, work, and play by developing projects grounded in local culture and character. Potential projects include interpretive signs, parks, brochures, festivals, murals, events, programs, and construction.

**Co-Hosted by: The City of Wetumpka & CARPDC**
